

Disclaimer

The statements in this website have not been evaluated by the Food and Drug Administration (FDA). The products in this website are not intended to diagnose, treat, cure, or prevent any disease.

Before starting any dietary supplement, check with your medical doctor first. It is especially important for those who are pregnant or breast feeding, chronically ill, elderly, under 18, and/or taking prescription or over-the-counter medicines.

WholeMana assumes no responsibility for the improper use of and self-diagnosis and/or treatment using the products in this website. The products in this website should not be used as a substitute for medically supervised therapy. If you suspect you suffer from clinical deficiencies, consult a licensed, qualified medical doctor.

None of the products or information available in this website are intended to be a treatment protocol for any disease state, but rather are offered to provide information and choices regarding nutritional support for various health concerns. None of the information is intended to be an enticement to purchase and may not be construed as medical advice or instruction. No action should be taken solely on the contents in this website, regardless of the perceived scientific merit. You should consult your health care professionals on any matter related to your health.

The information obtained from referenced materials are believed to be accurate, as presented by their respective authors, however, WholeMana assumes no liability for any personal interpretation. Those who fail to consult their physicians prior to the purchase and subsequent use of any product, assumes the risk of any adverse effects.

Information in this website is provided for informational purposes only and is not meant to substitute for the advice provided by your own physician or other medical professional. The results reported may not necessarily occur in all individuals.
