Your Testimonial

If you're not sure what to say, here's a few ideas (just talk as if you were talking with your friends). These are just ideas; we want you to say what you want, and say it in your own words.

You can talk about what you bought from us, and why you wanted to buy it (was it a gift? was it for yourself?). Did you have any concerns before buying from us? Did those concerns come true? What happened instead? What surprised you or made you the most happy about what you bought? Was your purchase everything you wished and expected it to be? Was it more? If you were to recommend us to your friends, what would you say? Would you recommend our Products? Why? Our Service? Why?

By submitting your Testimonial, you give consent to WholeMana to use your Testimonial in any and all advertising, such as our website, online advertising, videos, and any other advertising medium deemed appropriate by WholeMana. If you wish your Testimonial to be used only for our website, please let us know.

We may edit your Testimonial for grammar and spelling, and publish edited or partial versions of your Testimonial. However, we will never edit your Testimonial in such a way as to create a misleading impression of your views.

In your Testimonial, we will only use your first name and your state/province. Please provide a photo if possible.
